

RE: NAB PETITION 04-160  
To Whom It May Concern:

I am outraged at the thought of not being able to get traffic and weather on my XM radio. Not only do I listen to my LOCAL area (Tampa), but when headed to Orlando, I also listen to the Orlando report so I know what to expect when I get there.

It is unbelievable that you seek to take away a service for which I pay every month. There isn't a public radio station that I've ever heard that gives a comprehensive, detailed traffic report. They actually give reports for very local streets, not just major highways!

There is nothing like XM radio. I can't imagine my life without it. There is nothing at all over the regular airwaves that even comes close to the variety and quality provided by XM. Please do not take any part of it away.

Thank you.
